Sir

: Livestock - District Livestock Farm, Koila, South Kanara - Fencing - proposal.

...

The total length along the boundary of the District Livestock Farm, Koila is nine miles of which only a distance of 6,550 feet has been provided with a fence with barbed wire purchased at a cost of Rs.418-0-9 in 1950 on a permit issued by the Director of controlled Commodities, Madras. It is very necessary that the Farm area should be completely enclosed with a wire fence for being maintained properly by effective prevention of stray animals and trespassers. It is therefore proposed to take up fencing the farm little by little, so that the work may be spread over a period of 3 or 4 years. With the support of the wire fence, a live fence also will be raised as in the Hosur cattlefarm, but a live fence alone does not satisfactorily serve the purpose, as it leaves several gaps in spite of every care.

2. Now, it is proposed to take up fencing a fourth of the nine miles or about 11,880 feet. The expenditure involved in the proposal is estimated to be roughly Rs.2,230/- as detailed below:-

Cost of 36,000 feet of barbed wire	Rs.	1,500	0 0
Cost of 1,200 posts at 4 annas each		300	0 0

p.t.o.

Cost of fixing 1,200 posts at 2 annas each	Rs.	150	0	0
Cost of fixing the wire at one anna per post		75	0	0
Other charges such as nails, staples, tar coating of the posts etc, at 10 percent of the above.		202	8	0
Total		2,227	8	0
		Or 2,300	0	0

3. I request Government to be pleased to approve the proposal and accord sanction for an expenditure not exceeding Rs.2,250 (Rupees Two thousand and two hundred and fifty only).

4. The expenditure is debitable to 41. Veterinary g. Development Schemes - I. Schemes included in the Five Year Plan - G. Breeding Operations - (iv) Cattle breeding farms - 4. other charges - other charges.

Yours faithfully,

for Director of Animal Husbandry,
Madras.

Ref: Post copy of telephonic message dated 6.4.54 from the Uunder Secretary to Government, Agriculture Department, Madras with reference to this office letter Roc.No.5838-IV.3/53 dated 26.3.54.

...

The Superintendent, District Livestock Farm, Koila, South Kanara purchased 10 Cwt. of barbed wire at a cost of Rs.418-0-9 on a permit obtained by him from the Director of Controlled Commodities, Madras for fencing certain statagical parts to check entrance of stray cattle in the farm and applied to this office for sanctioning the expenditure under "other charges - purchase of dead stock". The sanction was granted in this office Memo.L.Dis.No.5800-V/50 dated 12.10.1950. The Superintendent, District Livestock Farm, Koila, South Kanara erected the fence with the labour employed in the farm under "Repairs and Upkeep".

Yours faithfully,

for Director of Animal Husbandry,
Madras.

3) From the DA.H Letter RoC No 5838 IV 3/53 dt 14-4-54

The DA.H has submitted proposals for fencing the boundary of the District Livestock Farm Koila. He has stated that the total length of ~~along~~ the boundary of the Dist Livestock Farm is nine miles, of which only a distance of 6,550 feet has been provided with a fence with barbed wire purchased at a cost of Rs 418-0-9 in 1950 on a permit issued by the Director of Controlled Commodities, Madras and sanctioned by the DA.H himself. Now he has stated that it is very necessary that the farm area should be completely enclosed with a wire fence for being maintained properly for effective prevention of stray animals and trespassers and that he has proposed to take up fencing the farm little by little so that the work may be spread over a period of 3 or 4 years. He has also stated that it is proposed to take up the fencing over a length of about 11,880 ft covering about 1/4 of the entire boundary at an estimated Cost of Rs 2,230/= and has requested

the approval of the proposal and to sanction the expenditure not exceeding Rs 2,250/-

2. In the circumstances it is for orders whether the proposal of the D.A.H will be accepted and sanction accorded to undertake the fencing over a length of 11,880 ft in the current year at an estimated cost of Rs 2,250/-. Finance may see.

May be accepted

FINANCE DEPARTMENT

In view of the need for economy Govt have imposed a ban on the construction of compound walls in G.O.Ms 1025 PW. dt 24.4.1939. Subsequently the restriction was extended to provision of iron wire fencing, improvements to existing compound walls and reconstruction of collapsed compound walls in G.O.Ms 1732 PWD 15.8.49. The present proposal however appears to be essential and this dept does not object. With these remarks the file may be passed on to Finance.

The Director of Animal Husbandry has submitted proposals for fencing the boundary of the District Livestock Farm, Koila, S. Kamarajar, covering about 9 miles with barbed wire. It is stated that a distance of 6,550 ft. along the boundary of the farm was provided with barbed wire fencing in 1950 and that it is very necessary that the farm area should be completely enclosed with a wire fence to prvent the nuisance of stray cattle and trespassers and that a live fence alone does not satisfactorily serve the purpose, as it leaves several gaps in spite of every care. The work is proposed to be spread over a period of 3 or 4 years. A fourth of the boundary covering 11,880 ft. is proposed to be provided with barbed wire in the current year at an estimate of Rs 2,250/-. Agriculture propose to approve the proposal to provide barbed wire fencing to a length of 11,880 ft. in the x current year. P.W. have no objection to the proposal.

2. There is a ban on the construction of compound walls and the provision of wire fencing. However, the Government are agreeing to the construction of compound walls in exceptional cases, like jails, Women's College hostels, etc. The total expenditure involved in providing fencing for the entire boundary in the present case will be Rs 9,000/-, which is large. The provision of barbed wire at such high cost does not seem desirable at the present time of financial stringency when every effort has to be made to effect economy in expenditure. It may be mentioned that only live fences are grown around the Livestock Farms at Hosur and Malabar. In the above circumstances, Finance may advise against the provision of barbed wire fencing ~~at a cost of~~ (at a total cost of Rs 9000 ~~cost of which~~ is to be incurred) Rs 2,250/- ~~to the Livestock Farm at Koila~~ in the current year. The D.A. H. may be informed that he may grow a live ~~fence~~ fence

around the farm bit by bit by making use of the wire fencing already provided, as is proposed to be done in the case of Livestock Farm at Malabar.

Summary

The Director of Animal Husbandry has submitted proposals for fencing the boundary of the Dt. Livestock Farm Koila. South Kanara Dt. covering about 9 miles with barbed wire. It is stated that a distance of 6,550 ft. along with the boundary of the farm was provided with barbed wire fencing in 1950, and that it is very necessary that the farm area should be completely enclosed with a wire fence to prevent the nuisance of stray cattle and tresspassers and that a live fence alone does not satisfactorily serve the purpose as it leaves several gaps inspite of every care. The work is proposed to be spread over a period of 3 or 4 years. A fourth of the boundary covering 11,880 ft. is proposed to be provided with barbed wire in the ~~cement~~ current year at an estimated cost of Rs.2,~~8~~50/-. This Dept. accepted the proposals of the D.A.H. and proposed to sanction an expenditure upto 2,250/- for providing fencing over a length of 11,880 ft.

2 P.W.D. has accepted this Dept.'s proposals But the Finance have stated that the total expenditure involved in providing fencing for the entire boundary in the present case will be Rs.9,000/- which is large and ~~that~~ the provision of barbed wire at such cost does not seem desirable at the present time of financial stringency when every effort has to be made to effect economy in expenditure. ~~That~~ This Dept. has suggested that the D.A.H. may be asked to grow live fence around the farm bit by bit by making use of the wire fencing already provided. In the circumstances it is now for orders :

(1) whether as requested by the D.A.H. an expenditure of Rs.2,250/- will be sanctioned during the current year for providing barbed wire fencing for the farm; or

p.t.o.
